

Dear InStore Technology Customer,

As a user of MicroTrax WinEPS or Connected Payments, you are receiving this letter from InStore Technology to provide you with a brief overview of a patent infringement case involving Target Brands.

In addition, we have enclosed a copy of a letter from Storenext, which provides further details about this case.

To ensure your store is not infringing on the Target Brands patent, please review your POS transaction process to ensure that you are **NOT** prompting for a customer's Signature on the EFT Payment Terminal prior to the sale amount being finalized.

If you have any questions or need any clarifications, please contact us at
